# 1. PURPOSE

The purpose of this document is to support supplier in understanding and navigating Fortescue's **Procure-to-Pay (P2P)** process. It provides a clear overview of requirements to help ensure smooth transactions and minimise the risk of payment delays.

Fortescue's **preferred method of engagement** with suppliers is via the **SAP Business Network (SBN) portal**, formerly known as Ariba. Existing suppliers who wish to transact with Fortescue through the SBN portal are encouraged to contact: [SBN.enablement@fortescue.com](mailto:SBN.enablement@fortescue.com).

# 2. PURCHASING

Suppliers should **not** commence supply of goods or performance of services without first receiving a valid Fortescue Purchase Order (PO) or contract.

## 2.1 Quotations

<ul style="list-style-type: none"><li>• Unit price (excluding GST/VAT)</li><li>• Unit of measure</li><li>• Part number</li><li>• Item description</li><li>• Lead time</li><li>• Quote expiration date</li><li>• Payment terms as per <b>Fortescue's Purchase Order terms and conditions</b> (refer Fortescue's <a href="#">website</a>)</li><li>• Supplier Name and Tax information (GST, VAT etc.).</li></ul>	<ul style="list-style-type: none"><li>• Detailed description of services to be performed</li><li>• Scope of work, deliverables, and any key milestones</li><li>• Pricing structure (e.g. hourly/daily rate, fixed fee, or subscription/licensing cost (excluding GST/VAT))</li><li>• Contract term or subscription period (start and end dates)</li><li>• Location where services will be performed</li><li>• Commencement date</li><li>• Quote expiration date</li><li>• Payment terms as per <b>Fortescue's Purchase Order terms and conditions</b> (refer Fortescue's <a href="#">website</a>)</li><li>• Supplier Name and Tax information (GST/VAT etc.)</li><li>• Any applicable licenses, insurances, or certifications.</li></ul>

## 2.2 Purchase Orders

Purchase Order verification and confirmation is essential. Suppliers **must** review and confirm all POs, ensuring any discrepancies are identified and resolved before delivery of goods or rendering of services.

When a supplier receives a PO, they should verify the following details before supplying goods or performing services:

- Pricing
- Quantity
- Supplier / Vendor Part numbers (as applicable)
- Unit of Measure (UOM)
- Description of goods or services to be rendered
- Tax information
- Freight inclusion
- Delivery dates.

SBN-enabled suppliers are required to **confirm POs through the SBN portal**. This ensures faster acknowledgement, improved visibility, and smoother order processing. For SBN-enabled suppliers invoice can't be submitted without PO confirmation.

Suppliers receiving PDF POs by email must send an order confirmation to the email address provided in the Information section on page 1 of a PO.

Suppliers are required to supply only the goods, or perform services listed on a PO.

## 2.3 Proof of Delivery or Pickup Guidelines

All deliveries to Fortescue or pick-up arranged, must meet the requirements set out in the **Fortescue's Packaging Standard** available on Fortescue's [website](#).

Suppliers must capture and retain valid Proof of Delivery (POD) or Proof of Pickup documentation to confirm goods receipt or release to support invoice and payment processing. Incomplete or missing documentation may result in invoice rejection and payment delays.

### 2.3.1 Proof of Delivery

Depending on location for delivery, a valid POD consists of the following:

HAZELMERE OR KENWICK DISTRIBUTION CENTRES	ALL OTHER FORTESCUE LOCATIONS
<ul style="list-style-type: none"> <li>• An official Fortescue POD document that includes a unique QR code, and</li> <li>• Copy of Packing Slip or Delivery Note outlining:               <ol style="list-style-type: none"> <li>a. Valid 10 Digit Fortescue Purchase Order Number</li> <li>b. Itemised breakdown of goods delivered.</li> </ol> </li> </ul>	Copy of Packing Slip or Delivery Note outlining: <ol style="list-style-type: none"> <li>a. Itemised breakdown of goods delivered.</li> </ol>

### 2.3.2 Proof of Pick-up

Fortescue may arrange collections through a **pre-approved third-party logistics provider** or by a **Fortescue employee**.

Depending on the pickup method, the following documentation is required:

PRE-APPROVED THIRD-PARTY LOGISTICS PROVIDER	FORTESCUE EMPLOYEE
<ul style="list-style-type: none"> <li>• Copy of Logistics Provider's collection documentation with Unique Reference Number, and</li> <li>• Copy of Pickup Docket or Collection Note outlining:               <ol style="list-style-type: none"> <li>a. Itemised breakdown of goods collected.</li> </ol> </li> </ul>	Copy of Packing Slip or Collection Note outlining: <ol style="list-style-type: none"> <li>a. Itemised breakdown of goods collection.</li> </ol>

### 2.3.3 Supporting Invoice Processing and Payment

Suppliers should include Proof of Delivery (POD) or Proof of Pickup when submitting invoices through SBN.

Fortescue may request this documentation to verify delivery or collection. Providing accurate and complete delivery information helps prevent invoice rejections and payment delays.

Goods invoices should only be submitted after successful delivery is confirmed and goods receipting is complete.

# 3. INVOICING

Suppliers can submit invoices using one of two methods, depending on whether they are enabled on the SBN.

EMAIL SUBMISSION (NON SBN ENABLED)	SAP BUSINESS NETWORK (SBN) ENABLED

For support with a current Purchase Order, please contact the Purchasing Team using the email address provided below:
